

The **Olearia Clemente** is a company involved **since 1895** in the selection and production of extra virgin olive oil which olives come exclusively from Puglia, in the Gargano territory (now **National Park**).

Our region, Puglia, produces more than the 60% of the Italian olive oil production.

Our Olive Oil is processed with traditional methods, which preserve the nutritious values, and ensures the absolute authenticity of the product.

We have a large range of products and packaging, organic, P.D.O. (Protected Designated Origin) and extra virgin guaranteed by the several certifications we have obtained (ISO 9000-ed. 2000, **BRC** - British Retail Consortium - Higher Level; **USDA NOP** - National Organic Program; **DNV** Food Chain Traceability; GOST-UKR by CSQA).

Our firm is the first and the biggest Italian company producing and packaging only 100% Italian extra virgin olive oil. We have a very well organized factory, with modern packaging lines in order to satisfy every consumer's request.
